We are a privately owned business. Whilst our outlook is contemporary our values are traditional. We're passionate about what we do, the quality of the places we create, and the homes we build for people. We care about the people we work with and the communities we build.

Buying a home is probably the single biggest financial investment you will make. Our team invests its time, commitment and energy to ensure the homes and places we create are all worthy of everyone's investment.

A buyer of a Whiteburn home can be assured that a member of The Whiteburn team will be with you every step of the way.

Our homes make the most of natural daylight, with large windows and patio doors. All homes are designed to give a sense of welcome for our owners. We design and build developments that put people first, implementing 'Designing Streets' principles of shared spaces. We use a mix of exterior materials to give interest and add to the sense of place. We're proud to have received accolades from the communities within which we've built for our place making.

Whiteburn design and construct our homes to high levels of energy efficiency. Our homes also have a 10 year structural warranty for peace of mind.

The Dow

Property Type	Bedrooms	Bathrooms	Size
 House	 3	 1	 968 sqft

The Dow is a 3 bed Semi-detached or Mid-terrace new build home. As with all our homes it has a generous open plan living space, an abundance of natural light and good storage.

We have designed a well proportioned vestibule space, with room for a baby buggy or a basket for the dog. Somewhere to greet your guests or kick off your shoes.

The vestibule has a glazed door which leads to the open plan ground floor. The fully integrated kitchen is at the heart of this home. At the front of the house, we have created a dining area, which can be used for dining, home schooling or an office. The rear of the house is your living area, with large sliding patio doors to the private garden.

We have built the washing machine into its own cupboard, to keep it tucked away and give somewhere to store all those laundry essentials. The space under the stairs also

provides additional storage and access to your meters and BT connection.

The master bedroom has deep, fully fitted wardrobes, with bi-fold doors. There is a second double bedroom and third single bedroom for children or a great home office. The landing also has a great size cupboard.

The family bathroom has back to wall white porcelain sanitaryware and chrome fittings (black fittings are an optional upgrade).

Our houses have a dual control heating system for the ground and upper floor – with the control for the upstairs in the master bedroom.

The Sinclair

Property Type	Bedrooms	Bathrooms	Size
 House	 3	 2	 1125 sqft

The Sinclair is a spacious open plan new build home with three double bedrooms. The Sinclair has great kerbside appeal. We've designed a lovely sheltered covered porch to welcome you to your front door. Once inside you have a large, light filled vestibule. The perfect space to hang up your coats, sort out your shoes, park your pram or dry off the dog.

The space and light throughout the open-plan ground floor creates the feel of a loft apartment rather than a two-storey new build home. With a large kitchen/family area at the front and the lounge at the rear of the house, the Sinclair combines practicality with style. The large sliding patio doors to the rear allow the interior and exterior spaces to merge.

The Sinclair has an entrance lobby which leads to the open plan ground floor. There are 3 double bedrooms, with en-suite and family bathroom. Harry Potter would love our understair cupboard.

There is also a convenient downstairs cloakroom with WC capable of future adaptation as a shower room, together with a large under stair storage cupboard.

The open-plan stair features a half landing window and leads to the bright upper hall. Upstairs we have built the washing machine and boiler into its own large cupboard, to keep it tucked away and to give somewhere to store all those laundry essentials.

The master bedroom to the front has dual aspect windows (plot dependent) and a large double fitted wardrobe. It has an en-suite shower, a must for any modern family. There are two further double bedrooms to the rear, and family bathroom with shower over bath, and back to wall white porcelain sanitary ware and chrome fittings.

The Ronan is a three bedroom one and a half storey home. We are often asked about bungalows or homes easily adapted to the needs of life's stages. To provide a flexible three bedroom family home we have designed the Ronan for Allanbank. The Ronan is a home full of surprises.

The catslide porch has been designed to reflect the local vernacular architecture of the Borders. Like an old fashioned storm porch it provides a protected space to enter your home, kick off your boots and hang up your coat before entering the contemporary living space of the Ronan.

Entering the Ronan you realise this house has been designed with flair. The double height hallway is bathed in top light from the Velux windows. The living area has an uplifting vaulted ceiling with large glazed windows and Velux windows, the kitchen/ dining area has patio doors to ensure this is a delightful light filled space.

The Ronan has a large ground floor bedroom with double wardrobes and a walk-in shower room. Perfect whatever your stage of life.
